Madras
20th July 1894.

From

R. Sundaram Iyer B.A.
Luz Gardens, Mylapore, Madras

To The Chief Secretary to the
Dewan of Mysore

Sir,

With reference to the Notification No 1020 G 218 dated 18th July 1894 I beg to offer myself as a candidate for the place of an Apprentice Geologist.

I am a graduate of the Presidency College, Madras, having passed the B.A. Degree Examination in 1888 with advanced Chemistry as my optional subject.

I have also served as a school master and have been the Head master of the Municipal High School, Dindigal and have taught in the Matriculation classes Physics and Chemistry

I am a Hindu Brahmin of the Smartha sect and my fathers name is V. Ramasamy Iyer. I have here with attached copies of my testimonials

I have the honor to be,
Sir,
Your most obedient Servt
R. Sundaram Iyer.

Was for a long time Distt Munsif of Coimbatore

3

Copies of testimonials

I have known Mr R. Sundaram Iyer B A of Madura for several years and had also to employ him as the Head master of the Hindu High School Dindigal which was under my management before it was handed over to the Municipal Council. This has only confirmed my opinion of him that he is an intelligent, unassuming, patient and hardworking gentleman of very good attainments

Dindigal 14-4-94 } (Signed) P. R. Subbarayan Iyer Pleader.

Mr R. Sundaram Iyer B A. was an acting teacher in this institution for two months during the last year. He was very regular in attendance and discharged his duties with much zeal and earnestness. His conduct was highly satisfactory in every way.

Trichinopoly College Madura 13th April 894 } (Signed) S. Venkoba Chariar Head master.

a respectable family, is a
well read man & a diligent
student he bears an excellent
character

He took Advanced
Chemistry as his optional
subject & after he took his
degree he then taught Chemis
try in a Matriculation
Class for about four years

Yours Sincerely
S Subramaniam

Teneriffe.

Certificate

I have known K. E. Raman Nair, intimately, for upwards of two years during which time he studied Biology in my class as his optional subject for the B.A. degree. He proved an intelligent and industrious student, taking a high place in the Class examinations and I may specially mention his proficiency in practical work, more particularly in drawing. His conduct was at all times highly satisfactory and I believe his general character to be good. I may say, in short, that he is a young man of whom I have formed high expectations.

To,

The Secretary of the Dewan of Mysore,

Bangalore,

Sir,

Having been given to understand, by a notification in the issue of the Hindu of the 20th instant, that the Mysore Government requires six apprentices to be trained as assistant Geologists, I most humbly beg to offer myself as a candidate for the apprenticeship.

I graduated in the year 1889 with Branch II. A as my optional Subject (Physico, mixed mathematics and Inorganic Chemistry, theoretical and practical) and have since been the Headmaster of the German mission High School teaching Science to the High School classes. I also hold a first class certificate, in Inorganic Chemistry having passed the High examination in Science, Arts and Industries; and possess a fair knowledge of Agriculture which I acquired during the course of my training in the Teachers' College, Madras.

I am a native Christian by religion and the Son of Samuel Aiman, manager of the Basel mission lands, Mangalore.

25 July 1894

To The Chief Secretary
To The Dewan of Mysore.
Bangalore.

Dear Sirs Seeing your advertisement in the Madras Times of Tuesday July 24th I write to offer myself as a Candidate for an Appointment in the Mysore Government Geological Department.

I am the Son of Colonel Fane Sewell I.S.C. Superintendent of Family Payments and Pensions Fort St. George. I was given a thoroughly good education at Fettes College Edinburgh; I worked voluntarily as a miner in the Coal Mines at Newcastle-upon-Tyne under Mr. Addison Potter (a gentleman well known in those parts) and was offered an Appointment in the Singareni Mines in the territories of H.H. The Nizam, by Mr. T.W. Hughes Hughes of the Geological Survey of India, which I accepted, and where I served for a period of three and a half years acquiring a thorough practical knowledge of coal mining and underground surveying — Mr. Hughes

Singareni Collieries
Yellandu Hyderabad
September 25th 1889.

Certificate of Character

Mr R A D Sewell has acted under me at the Singareni Collieries Coal Mines as my Chief Assistant for a period of one year and nine months and has shewn himself willing and prompt to carry out any orders entrusted to him, either underground or on the surface. His knowledge of the locality and habits of the natives make his services of greater value to the Company. He is acquainted with Surveying and able to take charge of underground Surveys. When I took over charge of these mines on Jany. 1st 1888 Mr Sewell was then acting as principal assistant to my predecessor.

I have pleasure in Stating that no complaint of misconduct against Mr Sewell has ever been made during the period under reference.

To Bruce-Foote Esq
Director Geological Survey
Department

Sir, I understand that the Mysore Government are advertising for six apprentice Geologists to take their places in the new department that is being organised under you. I beg to offer myself as a candidate for one of the situations.

As for my qualifications I beg to state that I passed the Entrance examination of the Calcutta University in 1890 and was placed in the 1st division in 1892. I passed the F.A. examination from the Calcutta Presidency College and was also placed in the 1st division, and selected for one of the Senior

Government scholarship by the February last (1894) I passed the B.A degree examination with honours in Geology & Mineralogy and stood first in these subjects. It should be observed, however, that I have had but little practical training in Field Geology.

If these qualifications are considered not below the standard required, I beg to request you to kindly let me know the terms on which the apprentices are to be employed and the prospects to which they will be entitled.

If certificates of my attainments are required I shall be glad to forward them on getting your kind reply.

I have the honour to be

(Copies of Testimonials)

1. I hereby certify that Mr. a.V. Subramaniya Iyer B.A. attended my classes of Chemistry (Theoretical & Practical) and Physics during the Session of 85-86; that he was regular in his attendance & that he performed the work of the class with care & attention taking a fair place in the class Examinations.

Madras Christian College
17th March 1887

(Signed) C. Michie Smith B.Sc.
Prof. Phys. Science

2. I have known Mr a.V. Subramaniya Iyer for some years. He was for some time Science Assistant in this institution which place he continued to hold till his success at the B.L. Degree 1886 last year made him sever his connexion with us. As a teacher of Science & the Matriculation class he was immensely popular among his pupils. His mastery over the subject together with the lucid way in which he used to carry instruction into the minds of the pupils made him an acquisition for the School. He is besides a sound English scholar & was in charge of the English 6th & 7th Forms

Sanskrit High School,

Bangalore

Honored Sir,

In accordance with the notification No 1020- G 218 of the Government of Mysore dated 18 July 1894, I beg to offer myself as a Candidate for the post of "Assistant Geologist" in the Service of the Government of Mysore.

I am the Son of Mr Kotieth Chanji Proprietor of the Esplanade hotel Cannanore Malabar District and am by Caste a Hindu belonging to the Thiya Community of North Malabar

I have passed the B. A. degree examination of the University of Madras in the first class with Chemistry as my optional subject (Vide page 4 of the Supplement of the Fort St George Gazette dated 8th March 1892) and have been awarded the "Ami gold Medal" for taking the first place in that

that Subject in the year 1892. 58

The copies of my testimonials are herein enclosed.

I beg to remain Honored Sir,
yours obediently
K. Kannan

my address

Kotieth Adiyari Kannan. B. A.

59

Presidency College
Madras
10th Nov 1891

(3) I have known Mr. K. A. Kannan for a short time now as a student of the B. A Chemistry Class and am glad to bear testimony to his intelligence, devotion to work and uniformly good Conduct. I believe he possesses a high character and have no doubt that he will give Complete Satisfaction in the discharge of the duties that may be entrusted to him.

(Sd) M. Runga chari
Ag Professor of Chemistry
Presidency College
Law College, Madras
10th March 1893.

(4) This is to certify that K. A. Kannan a student in the Senior B. L candidates Class in this College has a good character both in regard to his general Conduct and attendance and examination results.

(Sd) D. A. Nelson
Principal.

(5) I have known Mr. K. A. Kannan for some years. He was my student in the F. A class in the Calicut College for two years I found him very intelligent

willing and attentive student. As a student of the F.A. class he possessed more than average abilities in all the subjects of the F.A. Course His general conduct was uniformly good. He passed the Language branch of the B.A. examination last year in the second class taking a respectable place in it.

Sd/ A. Subba Rao.
10th Nov 91 Asst Professor
Presidency College

Pursewalkam, Madras
24th May 1894.

(6). Mr K. A. Kaman B.A. is well known to me. Although he was never my student I my acquaintance with him enables me to certify that he has a very good knowledge of chemistry both theoritical and practical, his success in getting the Ann gold medal of the University of Madras is a sufficient guarantee of his knowledge and ability in Chemistry without any testimony of mine to show them. He is an honest, exceedingly well behaved industrious and intelligent young man and so far as I know he is one of the best qualified men here for the post of assistant Chemical examiner

Sd/ C. Krishnan.

The above certificate was given to me by C. Krishnan Esqr. Barrister at Law, when I was applying for the post of assistant Chemical examiner to the Government of Madras.

K. Kaman

of my testimonials.

Presidency College.
31. 4. 1894.

(1) K. A. Kannan B.A. was a Student of this College for 3 years (1889-91) He was a diligent Student and showed considerable ability passing at the Top of the first class in Chemistry for the B. A degree examination and obtaining the Anni medal in that Subject His general Conduct was excellent.

(Sd) G. H. Stuart
Principal.

Presidency College.
1/5/1894

(2) Mr K. A. Kannan B. A. joined the Presidency College at the beginning of 1889 and passed out three years later when he took his degree. He distinguished himself in his optional Subject which was Chemistry by taking the University Gold Medal The recollection I have of him is that he was a painstaking and industrious Student possessed of fair abilities and of good behaviour

Sir.

I see by the papers that you are advestising for assistant Apprenticies in the Geological department, to take their places in that branch which is being organized by you.

My son who finishes his College career at EPSOM on the 30th inst is coming out to INDIA, on the 10th of October. & I should like him to get into the department.

Would you kindly inform me what are the requiremen-ts for a young man to qualify for the post? what would be the pay of the appointment? & what woul be his future prospects?

The favour of a reply will oblige. I would mention that I have retired from the service after 38 yrs in INDIA. & shall be glad to see my sons settled in some appointment

To Mr. Bruce-Foote

Geological Survey of Mysore

Sir,

I have the honour to request information of you about the terms under which apprentice Geologists are to be taken in the Mysore Geological Survey.

If natives of India are to be taken in and Bengalees are no objection I offer myself as a candidate and am ready to on the survey under reasonable terms

From June 1892 I am receiving training in Geology, Mineralogy and Physical Geography under T. H. Holland Esqr. of the Geological Survey of India in the Presidency College of Calcutta and am going up for the B. A degree examination in Geology to be held in February 1895

As to how much I have been benefitted under his training I leave his certificate to say which shall be sent if required Mr Holland knows me personally and told me that he has himself written enquiring about the terms and if he find them favourable to us he will recommend me to Dr. Evans of the Mysore survey, who is a friend of his

As to my conduct and physical capability for the service I can get certificates from the professors of my College under whom I have studied these 4 years

I close this petition with the request that my case be considered favourably and I be informed the terms etc.

I have the honour to be,
Sir

NOTIFICATION.

The 18th July 1894.

No. 1020—G., 218.

WANTED FOR THE MYSORE GOVernment Geological Department six Apprentice Geologists,—salary per mensem Rs. 100, rising to Rs. 150, with prospect of promotion after due qualification, to the grade of Assistant Geologists. Assistant Geologists will be of the same status as Assistant Engineers, and will be in three grades on Rs. 200, 250, and 300 a month, respectively. Apprentice and Assistant Geologists will be entitled to the same travelling allowances as officers of similar rank in the Public Works Department.

2. Candidates must be graduates in Arts, who have passed in Chemistry or Geology, or must possess special qualifications in these subjects, or be graduates in Civil Engineering.

3. Applications should be addressed to the Chief Secretary to the Dewan of Mysore, Bangalore, so as to reach him on or before 31st August next.

4. These applications should state—

(*a*) the candidate's full name and address;

(*b*) his father's name;

(*c*) his race or caste; and

(*d*) his educational and special qualifications; and be accompanied with certificates of progress and conduct from the authorities of the College which the candidate may have attended, and other testimonials, if any.

5. Approved candidates will be required to appear before a Board of Examiners at Bangalore on a date which will be duly announced to them. The Board will test the qualifications of the candidates appearing before them by an oral or written examination, or both. After such examination and the production of medical certificates of physical fitness, the selection of Apprentice Geologists will be finally made by the Government and duly announced. The Apprentices selected will have to undergo departmental training in Laboratory and Field work and in Mine surveying, and also special training in Advanced Chemistry.

6. The Apprentices will be entertained on the following terms:—

(1) After one year's satisfactory work, their salary will be raised to Rs. 150, and after another year's similar work, they will be promoted as Assistant Geologists, third grade, on Rs. 200. Their further advancement to Assistant Geologists of the second and first grades will be according to merit only.

(2) An Apprentice may be discharged at any time, if it is found that he is not likely to acquire the qualifications required for the Department.

By order.

Respected Sir

In response to the advertisement inviting candidates for the Geological department of the State, I beg to offer myself as a candidate for an Apprenticeship.

I beg to submit a statement of my qualifications and Career which may be useful in determining my usefulness to the State. I am aged 25

Statement of Qualifications &c
Taken from the "Diary".

Year	Station	Work
1884	Tinnevelly.	Passed the F. A. Examination of the Madras University high in the Second Class - A Lover of poetry and Mathematics.
1885-86	Trichinopoly	Student in the B. A. Class of the Saint Josephs College. One of the Text books was Hugh Miller's "Old Schools and Schoolmasters" mostly treating of Geology - This led to a good Study of Geology - Books consulted and studied well - 1. Geikie's Elements of Geology. 2. Mowbray's Physiography 3. Blanford's Physical Geography — A Student of Mathematics - Passed the Language Branch of the B. A. Degree high in the Second Class - A lover of literature and the Arts.
1887.	do	Teacher - Pursued the Study of Geology with Geikie's Class-book of Geology - The Cauvery deposits and the Gold bearing Rock near the Trichy Junction Railway Station - A Lover of travelling and Specimen Collecting.
1888	Nilgiris and Malabar.	Study of the Botanical peculiarities of the Soils of Nilgiris and Malabar - Places of Visit and Examination Dodabetta, Sadrovattam, Nilambur, Wynaad, and Taliparamba.
1889.	Malabar	Study of the hills of malabar. Places visited Kolengod, Palghat Trichur and Cochin. More could not be done being engaged as Clerk in the Subordinate Judge's Court of Palghat from Aug: 1889.

1890	Palghat	Clerk - The mid-summer vacation was spent in the study of Inorganic Chemistry.
1891	Palghat	Teacher - Study of Mechanics, Chemistry and Geology. The vacation was spent in a good study of the rocks of Kollengode Hills and the bed and Valley of the Periyar River -
1892	Madras	Study of Geology in the Government Central Museum at Madras - Fell ill and could not work for 6 months together at any difficult task -
1893	Do.	Clerk in the Madras Survey Office. Studied in Office and in the field, Surveying by the Chain, Plane table, and the Theodolite. Visited the hills at St. Thomas Mount Pallavaram and spread in Salem Dt.
1894 up to date.	Jaffna Ceylon.	Teacher. A Study of the Coral formations especially of the Coast of Northern Ceylon from Pt Pedro to Trincomali and the Examination of Several curious fountains and Springs of Jaffna and Trincomalie - Studying Mathematics for the Degree Examination of January 1895.

I beg to assure you that little training in a Practical School of Chemistry and Geology will befit me for any outdoor work in Geological exploration or Engineering. I could withstand any severe climate and am a hard worker in any profession -

I beg to remain

Kurnool
1st August 1904

77

K. R. Raghunatha Rao B.A.; L.T.,
Headmaster, Municipal High School
Kurnool.
(Madras Presidency)

To
The Chief Secretary to the Diwan of Mysore,
Bangalore.

Sir,

With reference to your Notification inviting applications for the post of Apprentice Geologist I humbly beg to submit the following facts for favour of consideration, before I apply for the place

2 The Notification requires that the applicants should possess a Knowledge of Chemistry or Geology and I beg to state that I possess special qualifications in both Chemistry and Geology I took my Degree with Inorganic Chemistry having passed the examination just before the new Regulation of optional subjects came into force I was for more than a year Assistant Lecturer in Chemistry and Superintendent of the Laboratory, in the Madras College of Agriculture, in which capacities I have been able to extend my knowledge of Inorganic Chemistry further than what is required at present for the B.A. Degree Examination I have done some practical work in quantitative analysis also. I have also lectured on Geology to the students of the same College which I prepared for the Govt. Technical Examns

Exam^no in that subject - I know something of Surveying and Levelling and taught Mathematics for Several years to the F. A. classes.

3 A few days ago I wrote to the Principal of the Agricultural College to testify to my work in Chemistry, Geology and Electro-metallurgy as a Lecturer in that College; and a true copy of his recommendation dated 25^th ultimo is enclosed for favour of perusal along with printed copy of my other testimonials. The Principal details my work in the College, refers to the extra practical work in Chemistry that I did for myself in the Laboratory, and adds that my duties at the College would help me considerably in the situation I seek.

Before I formally submit my application for the place of Apprentice Geologist, I most respectfully beg to request that you will be pleased to allow me the following Concessions and favour me with a very early reply to this letter

(1) My age is now 27; and I request that I may be exempted from the 25 years' rule if it obtains under the Mysore Government

(2) I am now the Headmaster of the Municipal High School, Kurnool on a Salary of Rs 150-10-200; and I beg to request that in consideration of the pay that I am now getting and the special qualifications in Chemistry Geology &c, already mentioned, you will be pleased to allow me to begin with the higher limit of Rs 150 fixed by your Notification as the pay of Apprentice Geologist

(3) I also humbly beg to request that you will be pleased, in Consultation with the Board of Examiners if you deem it necessary, to exempt me from attending the proposed examination at Bangalore before the Board, as that examination may be considered superfluous in my case.

I have the honour to be, Sir,
Your most obed^t Servant
C. Raghunatha Rao

Madras College of Agriculture
Saidapet, 25. July 1894.

Mr. K. R. Raghunatha Chari B.A., L.T., having informed me that he is a candidate for the post of Apprentice Geologist under the Mysore Government, I have much pleasure in stating that he acted as an Assistant of this College for a period of 13 months and that during that time his duties consisted in assisting me in the Chemical Laboratory in teaching Geology and in giving popular evening lectures on Electro-metallurgy. He did some private work in the Laboratory on his own account. I consider his duties at the College would help him considerably as an Apprentice Geologist should he be so fortunate as to be appointed

FROM

THE STUDENTS OF THE SALEM COLLEGE.

DEAR SIR,

We, the students of this College, desire to avail ourselves of this opportunity in bidding you farewell to express to you our deep sense of gratitude for the unwearied zeal with which you have laboured in the cause of education.

During the 5 years you have been connected with this College you have taken the utmost interest in promoting the welfare of the students. We are much indebted to you for the painstaking zeal with which you have imparted instruction in the subjects entrusted to you, and for the lively interest you have always evinced in the encouragement of physical exercises and athletic sports. We feel we cannot permit you to depart without giving expression to our sense of the many obligations we are under to you, and the loss we sustain by your departure.

Deeply grieved as we are to part from you, yet we cannot help rejoicing in the good fortune that has fallen to you in being called to a more responsible and lucrative post. We trust that your labours will be as successful and as well appreciated in your future sphere of work as they have been amongst us.

Wishing you all happiness and prosperity,

We remain, Dear Sir,
Your affectionate pupils,
The Students of the College.

KUMBAKONAM COLLEGE
March 1886.

..... K. R. Raghunatha Chari has been a student under me for the last twelve months and was *easily the first in a class of* 14. He has always shewn such *keen intelligence* coupled with a *love and enthusiasm for knowledge* that made it a pleasure to teach him.

Mr. Raghunatha Chari has not only proved the soundness of his scientific knowledge but has also shewn that he has *excellent teaching power.* I am quite sure that he will make *a teacher of the very first rank.*

(Signed) **A. W. Ward.**

FROM

A. A. HALL ESQ. M. A., PRINCIPAL, TEACHERS' COLLEGE, MADRAS.

TEACHERS' COLLEGE, SAIDAPET
27th February 1889.

I have much pleasure in stating that during the three years I have known Raghunatha Chari, I have had many opportunities of becoming intimately acquainted with him and of closely observing his conduct. As a student under me, he *was everything I could desire* and passed the Method Examination *the 1st in the College.* As a teacher he *won the approbation of Mr. Fowler,* Inspector of Schools, who marked him very high for his practical work in school. During the last 12 months he has been Science Asst. in the Agricultural College, and here again *his zeal and earnestness produced excellent results. I can confidently recommend him for any post he may be called on to fill in connection with education.*

(Signed) **A. A. Hall.**

FROM

E. E. PERRETT ESQ. PRINCIPAL, SALEM COLLEGE.

SALEM COLLEGE
July 1*st* 1892.

Mr. K. R. Raghunatha Chari has been 2nd Assistant in this College for the last three years, during which time he *has taught both Science and Mathematics in the College classes much to my satisfaction*.....I am quite sure that.....he will give you *the greatest satisfaction* for he is *energetic, painstaking and willing and able to work.*

(Signed) **E. E. Perrett.**

GEOLOGICAL SURVEY OF INDIA

94

2.0

Calcutta, August 2nd, 1894.

To

The Chief Secretary to the
Dewan of Mysore,
Bangalore.

Dear Sir,

With reference to your notification No 1020 G—218 dated 18 July last asking for candidates for the post of Apprentice Geologists, I beg to suggest, in view of the number of applications likely to be made by students who have attended my course of lectures in Geology and Mineralogy, that an examination such as that referred to in para 5 of your notification might be held simultaneously in Calcutta. I understand there are students who would enter as candidates but for the time and expense of a journey to Bangalore with uncertain results, and who would enter if an examination could be held in Calcutta. I have no doubt, if this suggestion were adopted

95

there would be little difficulty in obtaining the assistance of some members of the Geological Survey or of the University to prevent any unfair dealing on the part of candidate.

Could you also kindly let me know when the successful candidates will be expected to join their posts, — As I find that some of the students who have passed in geology have failed in one of the other two subjects required for the B.A. degree and cannot be re-examined before next February

Yours faithfully

T. H. Holland.

Professor of Geology Presidency College,
Asst. Superintendent, Geological Survey of India.

7/8/93

1893

To

The Chief Secretary to the Dewan of Mysore

Bangalore.

Sir

Having come to understand that Six (6) Geologist Apprentices will be required by the Mysore Government, I offer myself for one of them.

As regards my qualifications I beg to state that I passed the Entrance examination of the Calcutta University in the First Division, in 1890 with a scholarship of Rs 15 a month. passed the F. A. Exn in the First Division in 892 with a monthly scholarship of Rs 20. having been able to occupy the 21st place in the list in order of merit and passed the last B. A. Examination in the B. Course with Chemistry & Physics as Optional Subject

In the mean time I beg leave to make a brief statement of the circumstances under which I appeared at the last B. A. Examination. I had taken up Honours in Chemistry & Mathematics. On the third day of our examination a terrible news of the sudden death of well-beloved younger brother reached me as I came out of the Hall;

followed

followed in the train by the news of my father Langing between life & death & overwhelmed with grief I could hardly convince myself to enter the Hall again However I managed to answer 3 papers of Chemistry (out of 4) & 2 of Mathematics (out of 4), and the result is that I am entitled to the Degree

A true copy of the certificate from the College Authority under whom I studied for two complete years is inserted herein.

16, Panchanantola lane,
Calcutta,
The 3rd August 1894

I have the honour, to be,
Sir,
Your most obedient Servant
Gobinda Chanda Bhattacharyya.

(True copy)

I have the pleasure to certify that Babu Gobinda Chanda Bhattacharyya passed the last B.A. examination from the Ripon College. He studied the Honours subjects in Physics & Chemistry under me for 2 years. I found him diligent, industrious, intelligent and he made rapid & considerable progress in the knowledge of the subjects I had to teach him. Possessing an intelligent knowledge of the methods of the Differential Calculus, he was in a position to easily master the mathematical treatment of the Physical principles. For about a year he worked at the Practical class of the Chemical Laboratory of the College under my guidance. He is studying at present in the Presidency College with an intention of appearing for the

M.A.

105

M. A. examination in Natural Science.
He possesses an excellent moral character.

CALCUTTA UNIVERSITY.
First Examination in Engineering.
SESSION 1887-88

I CERTIFY that J. B. GODFREY, C ering College, duly passed the First Examination in Engineering held in the month of May 1888 and in the Second Division.

UNIVERSITY OF CALCUTTA,
The 4th, July, 1888.

REGISTRAR.

TIONIALS.

From THE PRINCIPAL *Doveton College.*

Calcutta, January 23 1883.

To MR. J. B. GODFREY.

I HAVE much pleasure in certifying GODFREY, during the seven years he has been a pupil of this institution, has borne an excellent cha for industry and exemplary behavior. He has passed the Entrance and F. A. Examinations most cas won the Gold Medal of the College besides many other prizes.

I am very sorry that the time has co to leave us.

J. J. B. COLES, M. A.
Principal.

DOVETON COLLEGE.
January 23, 1883.

I HAVE very great pleasure in certif JOHN B. GODFREY was a student of the College classes of the Institution during the Sessions 188 Mathematics, the subject which is especially under my care, he has been a most conscientious and mostudent, displaying an aptitude for the subject, and a perseverance in its study that few of his dents have equalled and none have surpassed. At the close of the past Session he obtained the Dovetedal, a reward which he fully deserved for the unslagging zeal and ability which he manifested in hities throughout the year, and I am happy to testify that his example of preserving industry has ry marked effect, not only upon his class companions but also upon a majority of others throughout, in stimulating them to study honestly and conscientiously.

A boader in this Institution for , he was appointed a Prefect at the begining of the Sessions 1880. The marked improvement in t of the boarders which has since taken place, and the of his gentlemanly behaviour.

I am sorry that the time has now ars beginning a new sphere of labour and I can assure him that he has my best wishes for his success

JOHN HARDIE, M. A.
Professor of Mathematics,

DOVETON COLLEGE.
Calcutta, 1st, March 1883.

I have much pleasure in giving myo the character and worth of MR. JOHN BRETON Godfrey, who was a pupil of the Doveton Coral years.

In the year 1880 he stood third in of the Entrance Class and passed, in the First Division, the Entrance Examination of the Crsity.

In 1881 he won the Silver Medal r College Class and a Silver Star for proficiency in Mathematics.

In 1882 he won the highest distinollege, *viz* the Doveton Gold Medal as *Dux* of the Institution and in the same year he passed nination in Arts of the Calcutta University.

With abilities above the average, as always been a steady, patient and persevering worker, and his successes have been to a larresult of sustained and conscientious effort.

He particularly excelled in Mathestood high in every branch of study.

I have known MR. GODFREY intimrars, and have great pleasure in recording the high opinion I have formed of him. He was higy his Teachers and class-fellows for his straightforward and honourable character and he hrs, a position of responsibility in the Institution as Prefect over the Boarding Establishment.

MOGUL-SERAI, HOWRAH RAILWAY SURVEY,
Office of the Executive Engineer, 6th Division,

Dated 18th May 1891.

Mr. J. B. Godfrey, B. E., has worked under me in field and office. Though for only a short time with me, yet I saw enough of him to convince me of his ability and readiness for work. He will, I have no doubt make an efficient and energetic Engineer, and I shall watch his career with interest.

(Sd.) W. H. PARKER, M.I.C.E., *Chief Engineer.* (Sd.) H. GWYTHER, *Executive Engineer.*

ARAKAN DIVISION,
Office of the Executive Engineer,
Dated December 1891.

This is to certify that Mr. J. B. Godfrey at present employed as a Temporary Engineer in this Division, is a young, active and intelligent Assistant, and good at both office and outdoor work.

(Sd.) M. R. LACKERSTEEN,
Executive Engineer.

RAJPUTANA AND CENTRAL INDIA ADMINISTRATIONS.
Public Works Department, Secretariet,
Camp Ajmere, dated 14th August 1892.

Mr. J. B. Godfrey was under me while I had charge of the 1st Circle of Superintendance in Burmah. He was for that period in the Arakan Division at Akyab under Mr. Lackersteen, Executive Engineer, whose reports about him, did not mention that his services were otherwise than satisfactory. Some of his work came under my immediate notice and it was of a satisfactory nature.

(Sd.) H. F. WHITE,
Secretary and Agent.

ARAKAN DIVISION,
Office of the Executive Engineer,
Dated 31st August 1892.

Mr. J. B. Godfrey joined his appointment here in May 1891. Since then he has performed the duties of a Sub-divisional Officer in charge of the Head Quarters, Sub-division of this Division fairly well. He speaks Hindustani and can converse a little and intelligibly, so far as his knowledge extends in Burmese. Is picking up practical knowledge and is as far advanced in this as most Assistants of his standing. I recommend that on passing the Colloquial test in Burmese and the Departmental Examination, his salary be raised from 300 to 350, the salary of a 2nd grade Assistant. The above is written in connection with previous reports made on this officer by Mr. Lackersteen, Executive Engineer.

(Sd.) E. A. W. PHILLIPS, A.M.I.C.E.,
Executive Engineer.

192

OFFICE OF THE EXECUTIVE ENGINEER, ARAKAN DIVISION.

28th February 1893.

Mr. Godfrey joined in May 1891. He has been in charge of the Head Quarters Sub-division, as Sub-divisional Officer. He passed the Colloquial test in Burmese and speaks Hindustani. Since my last report I have thrown more responsibility upon him. He has stood the test fairly. Mr. Godfrey is a good man and I can recommend him. If Mr. Godfrey was worth Rs. 300 when he joined, he is most certainly worth more now and I would solicit the increase be granted him with effect from the date of his passing the Colloquial examination in Burmese.

(Sd.) E. A. W. PHILLIPS, A.M.I.C.E.,
Executive Engineer.

Respected Sir,

Hearing that some probationer geologists are wanted for the Mysore Raj I humbly beg to offer myself as a Candidate for one of these posts.

As regards my qualifications I beg to inform you that I have passed the B.A. Examination of the Calcutta University in the Science Course from the Agra College in the year 1887.

I have served as an Assistant Professor Science in the D. A. V. College Lahore teaching Chemistry to the Students of that institution paring for the F.A. Examination of the Panjab University.

For the last two years I have been serving as the Professor of Mathematics of the Meerut on Rs 100 per mensem & I am proud to say that I have given every satisfaction to my superiors in this College.

Year before last Mr. Nesfield the Director of Public Instruction of these provinces sent some of the teachers of government & other aided schools to attend our Central College Allahabad on Government expense & there to be trained in special branches of Higher Physics & Chemistry by Mr Murray the Science Professor of that College. There too I had had the good fortune of being benefited by his most worthy lectures.

In the end, Sir I beg to inform you that I cherished a great hope of serving a native Hindu State if that hope of mine be realized I shall ever pray for your long life & prosperity.

I beg to remain
Respected Sir.

To

His Highness the Maharaja
of Mysore

Sir,

I have learnt that your Highness wants a few graduates to be appointed as apprentices for geological studies, I, a graduate of the Calcutta University, beg most respectfully to offer myself as a candidate for the situation of an apprentice

Having passed the B.A. examination I am now reading the M.A. course of studies in English, but I have great natural inclinations for the study of Physical Sciences and it is owing to the absolute want of any favourable opportunity that I have been prevented from my favourite

Pursuit

To the Trustees of Bedford
College for Women

Gentlemen,

I have received with pleasure your offer of appointment to a Research Studentship in Physical Science, & I gratefully accept it. Should I be successful in obtaining the Degree of Doctor of Philosophy, I shall have every opportunity of pursuing my chosen subject, & I feel it is only to the absolute seclusion of the Physical Science Laboratory that I owe my success.

I am, Gentlemen,
Yours very truly,

Your Ser, if you be kind enough to offer me the means of studying Geology under your high Patronage I shall feel highly obliged and much benefitted and will devote all my Energy in mastering thoroughly the subject which I am so much fond of

Your Highness may doubt my competence, but it is a fact that a vehement wish is sure to carry every thing before it and is not to be satisfied in short of complete success So I think that if I get the full opportunity of applying all my vigour and Efforts towards the accomplishment of my long cherished purpose, there is no Reason why I should not make an Equal, if not greater Progress in my Pursuit with any other man working in the same sphere

I can humbly assure your Highness that if the situation is kindly offered

offered to me there will certainly be
[redacted] occasion of repelling the
[redacted] favour so upon a
[redacted] person
[redacted] that I shall not be disappointed
[redacted] my most sanguine expectations
and excluded for ever from my favourite
pursuit by one who is given so much
to further the Enlightenment and progress
of his Country.
Hitherto we have been in the habit
of looking, though often in vain, to
the Government for this sort of help
but now we see that a quite new era
slowly opens in the history of the progress
of our Country when our Native
Kings are ready to encourage and
patronize all sorts of Liberal
Education
At last I beg to add that as I
have not seen your advertisement
in proper time I am perhaps now

may too late in sending this applicat
However, I have still hope that
my poor petition may succeed
in attracting the kind attention
and charitable consideration of
Your most benign Highness
towards it.

I am of 24 years of age and my
constitution is healthy and
laborious

MEMO No. 712

From 75 D

The PRINCIPAL,
CIVIL ENGINEERING COLLEGE,

To The Chief Secretary to the
Dewan of Mysore
Bangalore

Dated Sibpur, the 9th august ~~1894~~.

Refers to ~~present~~ Notification Dy: 18th July 1894

Forwards for disposal an application from Babu Girish Chandra Bose an assistant of the Laboratory attached to this College, for one of the appointments of Apprentice Geologist required for the Mysore Geological Department.

H. Hall
Principal

G. 167 of 94 9/8

To 151

The Chief Secretary to the Dewan of Mysore
Bangalore

Honoured Sir,

Learning from a notification, dated the 18th July 1894, that six apprentices will be taken for the Geological Department of the Mysore Government, I beg most respectfully to offer myself as a candidate of being one of them.

With reference to the information required in the para 4 of the notification, I beg to inform that my full name and present address are given below my father's name is Sib Chandra Bose" By caste I am a Kayastha (Hindu)

Regarding my qualifications, I beg to state that, I have successfully passed the F. A Examination and have completed my study upto the B. A. standard. I have a great liking for the study of different branches of science and have always tried my best to learn somewhat of them. Consequently, after leaving college, I have added to my knowledge of Physical Science, specially of Chemistry. At present I am employed in the Laboratory of the Govt Civil Engineering College at Sibpur, where I began my service in April 1893. The manner of my working here will be evident from an annexed copy of the certificate kindly given to me by my immediate superior, the professor of science.

I herewith attach three copies of certificates testifying my conduct, college acquirements and my ability in the present employment. The original certificates will be sent, if required. Under the above-mentioned circumstances, your honour, I hope, will consider my case favourably and if your honour

be

be kind enough to take me for one of the hands, I shall spare no pains to acquit myself honourably in the discharge of my duties

In conclusion, I beg to state that, from this place, Bangalore is too far and consequently very expensive to appear before the Board of Examiners there. It will be a great loss to me to go there and back, if my solicitation be not accepted. Therefore I ask your honour either to consider my case only from the testimonials or depute someone here at Calcutta in place of the Board of Examiners To know this decision, an early reply is requested

Dated the 6th Aug. 1894.
C.C.College, Laboratory.
Sibpur, Howrah, Calcutta.

I have the honour to be
Sir
your most obedient servant
Girish Chandra Bose.

Copies of certificates are written on the next sheet.

Sir

Understanding that the post of Asst. Geologist is vacant under your disposal, I beg most respectfully to offer myself a candidate for the same

As for my qualifications I beg to state that I passed the C.E. Examination of the Calcutta University in the year 1888 and served as a probationer for nearly a year under the Executive Engineer First Calcutta Div. In the same year I was called upon by the Principal. C.E. College. Shibpur, to take up the post of a teacher in the Apprentice Dept of this College and have been serving in the same capacity for about four years. Recently I have been appointed to officiate in class IV of the permanent incumbent on deputation

In conclusion, I submit my case for your favourable consideration and solicit that I may be appointed to the post herein applied for

In ~~such~~ case, my Application be granted I hope your honour would kindly ~~accept~~ be ~~to~~ take some arrangements for my examination here in this College for Bangalore is too far from this place to send appear before the Comittee for the Examination

I have the honour to be,

To

The Chief Secretary to

The Dewan of Mysore

Sir,

Knowing from the notification no. 1020-G.218 of 18th July 1894 that 6 apprentice geologists are to be taken in the Mysore Government Geological Department I beg most respectfully to offer myself as a candidate for one of the apprenticeships.

I am a Bengali Hindu of the Kayastha class My father's name is Babu Ashu Tosh Mitter C.E., a retired Executive Engineer of the P.W.D. of the Government of India

I have been educated at the Hare School and Presidency College, Calcutta. In the latter I am still continuing my studies

I passed the Calcutta University Entrance Examination in the first division and stood Sixth in the order of merit for the year 1890 in the whole University, and thus secured a first grade government Scholarship I passed the First Examination of Arts of the same University in the Second Division in 1892, and

appeared in the B. A. Examination in February last, passed in Geology and with Honours in English, but was disqualified in Mathematics, and thus failed to secure a Degree. But I am going up for the Degree Examination again in February next

From June 1892 I am studying Geology under T. H. Holland Esqr. of the Government of India Geological Department, and my tutor's certificate, herewith enclosed, will speak for my knowledge in Geology.

I enclose another certificate from C. R. Wilson Esqr., one of my tutors for the last 2 sessions, and a copy of a third from H. M. Percival Esqr. my English tutor for the last 4 sessions, of which the original as well as the University Certificates would be forwarded if required.

I beg to add that I will be ready to join, if selected, in March next, as I have to appear in my Examination in February.

In conclusion I have the honour to request you to return the originals of the 2 certificates herewith enclosed, when you have done with them—

I have the honour to be,
Sir,
Your most obedient servant,
Jatindranath Mitra

103, Cornwallis street, Calcutta

From,

C. S. Ramalinga Vadhyar,
Irrigation Overseer,
Cochin State Chittoore.

The undersigned begs to apply himself as a candidate for one of the Apprentice Geologists posts of the Mysore Government Geological department per notification No. 1020 — G. 28. of the 18th July 1894. The applicant begs to furnish the following particulars.

(a). The applicants name &c

C. S. Ramalinga Vadhyar,
Irrigation Overseer,
Chittoore,
Via Padmanagaram

(b) His fathers name.

C. V. Sivarama Vadhyar.

(c) His race or Caste.

Hindhu Smartha Brahmen.

(d) 1. His Educational qualifications.

Has passed the F. A. Examination of the Madras University.

2. His special qualifications

Is a graduate of the Madras College.

College of Agriculture and is one of the Agricultural Diploma holders of the Madras Technichal Education scheme

The Subjects of the said Diploma are enumerated below —

Chemistry

Inorganic Chemistry (both preliminary and advanced)
Organic Chemistry (both theoretical and applied with quantitative Oil-Cake analysis)

Mathematics and Physics

Pure Mathematics, Statics, Kinetics, Pneumatics and Physiography.

Agriculture

Agriculture (preleminary)
Agriculture (advanced) Consisting of Agricultural Geology, Agricultural Chemistry and Agricultural Proper
Cattle deseases

Engineering

Mensuration, surveying and levelling, building materials and Construction

Biology

Botany Physiology and Entomology

A conduct Certificate from the Principal of the Agricultural College and two copies of two progress Certificates are appended.

C. Ramalingaraddiyar

Honored Sir,

With reference to your notification dated the 18th July 1894, No 1020-G, I beg most respectfully to submit the following few lines to your kind consideration.

I have passed the B.A. Degree Examination of the Madras University in Branch II-A – Physical Science – in the II Class (vide Supplement to the Fort St George Gazette dated the 8th March 1892, Page 2). Inorganic Chemistry, theoretical and practical, forms one of the subjects for Br II A Candidates for Branch II B – Chemical Science –, and Branch II A, alike have to answer the same paper on this subject.

Having passed in the 2d class in this subject

I

most humbly beg to offer myself as a candidate for one of the six apprenticeships in Geology.

I have hereto annexed a copy of the certificate given to me by the Revd Hon: Dr Miller.

Particulars as to parentage, caste, address are given below.

In conclusion, I beg most respectfully to request that my application may be favorably considered.

I beg to remain

ABSTRACT.

Application for [illegible]

Madras Christian College, Madras
13th August, 1894.

S. & G. R.
17-8-94.

To
The Chief Secretary to the Dewan of Mysore,

Honored Sir,

With reference to the Notification
No. 1020—G 218 advertised in the local papers
here last month may I request you to register
my name as a candidate for one of the
Apprentice Geologists' place referred to therein?

I took my degree of Bachelor of Arts
in 1885 my optional subjects being Physics,
Chemistry and botany. Since taking the
degree, I qualified myself in biological
subjects by attending the course of lectures
delivered by Dr. T. R. Henderson, Professor
of Biology in this College, and also by
working in Dr A. G. Bourne's Laboratory
in the Presidency College. I have been
holding the place of Demonstrator & Tutor
in Biology since January 1887.

With the object of appearing for the M.A.
degree Examination in Zoology & Geology, I
have been studying Geology privately.
Unfortunately I have not as yet

265

Applied for the examination, owing to private
Cares and troubles Mr. S. H. Reynolds, B.A. (Camb.)
Now Lecturer in University College Bristol,
who was for a year acting here for Dr.
Henderson, will, I am sure, testify to the
help he gave me in my Geological Studies.

I shall feel highly obliged if your
Honor be pleased to nominate me to one
of the places referred to in the notice

Herewith accompany two Certificates
one from the Honorable and Rev. Wm Miller,
Principal, and another from Dr. T. R. Henderson,
Professor of Biology.

I beg to remain,
Honored Sir,
Your most obedient Servant,
N. Lakshmanaswami Mudaliyar

Name N. Lakshmanaswami Mudaliyar
Address: Demonstrator & Tutor, Madras Christian College
Private address: 265, Triuvottiyur High Road, Madras
Father's Name: N. Kishnaswami Mudaliyar,

Sir Cowasji Jehangir Inadresa,
Navsari, 13th August 1888

To
T. Ananda Row, Esq.,
Chief Secretary to the Dewan of Mysore,
Bangalore.

Sir,

With reference to your advertisement for Apprentice Geologists, which appeared in the Bombay Gazette a few days ago, I beg to offer myself as a candidate, and submit the following facts for your kind consideration.

I am a Parsee graduate of the Bombay University. I passed the Matriculation Examination in 1885 from the Sir J. J. Parsee Benevolent Institution, and joined Elphinstone College, where I won scholarships at all the annual competitive examinations held there during my college career. I passed the Previous Examination in 1886 and the First B.A. in 1887, — both in the Second Class. Having obtained the highest number of marks amongst those who passed the latter from our College, I was awarded the Gokhle Prize. In 1888 I passed the Final B.A. and the Jurisprudence Examination of the Government Law School.

The optional subjects selected by me for the Final B.A. Examination were Chemistry and Physics.

In 1887 I was appointed First Assistant Master in the Sir Cowasji Jehangir Inadresa (High School) at Navsari and for the last five years have been teaching Mathematics and Natural Science including Chemistry in the Matric

258

- sulation Class of this Institution. I have also on one occa-
sion acted as Head Master of the same School for nearly a
year. My salary at present is Rs. 110 per mensem.

I have a particular liking for scientic studies
and have ever longed for an opportunity to prosecute
them further. Should you, therefore, be so kind as to con-
fer upon me one of the six apprenticeships in the Mysore
Government Geological Department, I shall, by no
means, be found lacking in zeal and diligence in
this new sphere of life so congenial to my tastes.

I have herewith enclosed copies of Certificates
from the authorities of the School and the College at
which I have received my education.

I have the honour to be,

Sir,

Your most obedient Servant,

Hirjibhai Framji Inarker,

First Assistant Teacher,

Sir C. J. Inadresa, Navsari.

To

The chief secretary to the Dewan
of Mysore Bengalore

Sir,

understanding that you require six graduates as apprentice Geologists in the state of the Maharaja of Mysore I most respectfully beg to offer myself a candidate to serve his Highness the Maharaja in the afore said capacity.

As regards my qualifications I most humbly beg to state that having passed the Entrance Examination from the Government Collegiate school at Dacca I passed the First Examination in Arts from the Jagannath College in the same Town While preparing for the Entrance

Entrance Examination I had to read the whole book of Mensuration, the whole course of Arithmetic Physical Geography, Geometry, and Algebra beside other subjects prescribed in the curriculum of the university of Calcutta and which will not have here a room for mention. As an F.A. Candidate of the same university I had to study the whole of Plane Trigonometry, Geometry of Conics, along with higher Algebra, Natural Philosophy, Geometry and other neces-sary subjects I appeared for the B.A. Examination of the university of Calcutta, from the Ripon College, in the Science course in March last and came off successful. In preparation for which I had to study the whole of Dynamics, Statics Hydrostatics and of Physics and Chemistry both Organic and In-organic in addition to the English texts prescribed for that Examination I have also studied Jone's practical Chemistry properly.

In conclusion I beg to state that some copies of testimonials are herewith enclosed for your kind perusal and favourable consideration, and that the Deploma for the B.A. degree not being available at present, I am unable to send a true copy of it

I have the honour to be
sir,
your most obedient
servant
Priya Nath Mukhopadhyaya
son of late Baboo Ananda
Chandra Mukhopadhyaya

Bangalore

Respected Sir

I most humbly beg to offer myself as a candidate for the Examination for the post of Apprentice Geologist in the Mysore Government.

I am a graduate in Agriculture I passed the examination for the Diploma in Agriculture of the Bombay University with honours. The Diploma in Agriculture course includes among other subjects Geology theoretical as well as practical (the

standard for which is the same
as that for the L.C.E. examination
of this University under old rules)
and Chemistry (Inorganic & Organic).
So I hope you will be good enough
to allow me to appear at that examination.
I am a Hindu by caste.
Hoping to receive a favourable
reply

I beg to remain
Sir
Your most obedient servant

Dated 15th August 1894

No 27

The Chief Secretary to the
Dewan of Mysore
Bangalore.

(Through the Collector of Kurnool)

Respected Sir,

With reference to the notification of the Hindu of 20th July 94 bearing No 1020 & 2180 of 18.7.94 I beg respectfully to offer myself as a candidate for the competition examination to be held for entertainment certain apprentice geologists under the Mysore Government Geological department.

I am a Bachelor of Arts of the Madras University that passed in Chemistry as the only one in the first class in 1889-90. I won the Jaghirdar of Arnee gold medal given by the University.

I passed my other University examinations also in the first class, and held certain scholarships during my Collegiate career.

I was first employed in the Revenue Board's Office and was transferred from there as 3rd English clerk of the District Collector's office in September 92. I continue there now acting 2nd English Clerk on Rs 50.

I belong to a high family, my ancestors & my father in particular having been Sanskrit scholars of very high renown.

I enclose copies of my testimonials as to my character and attainments granted by the Principals of the two Colleges

which I attended. 78

Mr Simon endorsement on an application of mine for the post of Assistant Tester of Spirits in the Madras Sea Customs Office was as follows:

"Permitted to apply. Intelligent hard-working and well-behaved."

An application containing other particulars required in the Notification is also enclosed.

I beg to remain

11 March 1890.

I have much pleasure in testifying to the character and abilities of A. Selvapillay Esq., a former pupil of this College. He passed the Matriculation Examination in December 1885 very high & gained the Government scholarship given by the University. He occupied the first place in our F.A. class & passed that examination high in the first class and besides retaining the Government scholarship gained the Rangiengar's scholarship to study Chemistry at the Presidency College. He has just passed his B.A. examination standing alone in the first class in his optional branch. His abilities are therefore very high & his character was always correspondingly high. I feel confident he will

do credit to any post he may occupy.

A Selvapillay

(2)

A Selvapillay

Presidency College.
March 25th 1890

A. Selvapillay has been a student at this College for the last two years. He is an intelligent youth and has worked with diligence and success. He has considerable taste for scientific studies and has passed the B.A Examination (Chemistry Branch) in the first class being the only candidate who obtained that distinction this year. His attainments in English are very fair and he is good in Sans-krit. His positions in the B.A degree Examination last (Language Branch (English + Sanskrit) was 16th (12th in the 2nd class). This is a very good place. He passed the

matriculation & 2nd Arts Examinations both in the first class. Though his tastes have led him to select Chemistry as his principal object of study I believe that if he had turned his attention to any other subject his natural abilities, good sense and great industry would have ensured him as much success as he has already obtained. His conduct has always been excellent

From Radhakrishna aiyar B.C.E.
46. Thumboo chetty Street
Black Town
Madras

Honoured Sir,

Having come to understand, by the general notification of the 18th July 1894, that some apprentice geologists are wanted for the Mysore Govt Geological Department, I beg to offer myself as a candidate for one of them.

With regard to my qualifications, I beg to say, that I took the degree of Bachelor of Civil Engineering at the last Convocation, having passed the Examination, for the said degree, held in January 1894 in the 2nd class. I have also passed the Language Branch Exa, of the B.A. degree, held in Nov, 1888, and I intend to appear this year for the optional Branch (Mathematics) Examination, having had no opportunity of appearing for it till now.

I further beg to say, with regard to my acquirements, I am well up in the following subjects, which are required for the Civil & Mechanical Engineers' Examination, of the Madras College of Engineering, viz - Mathematics pure & applied; Physics, Chemistry theoretical & practical; Geology; Civil & Mechanical Engineering. Surveying & Drawing: and I have passed the said Examination for Civil & Mechanical Engineers held in Dec 1893, in the 2nd class.

It must be remembered that the syllabus of instruction received by Engineer Students, under the new scheme, is very advanced, extensive & versatile, so that students passed under the new scheme, will be more eligible & befitting for the proposed recruition for assistant Geologists.

I am now undergoing the practical course prescribed for Civil & Mechanical Engineers, and am now engaged in the Shop manipulations & have performed the various manipulations required in the Foundry, Machine Shop, Instrument Shop & the Smithy.

I have sent herewith a copy of Civil Engineer's certificate. Copies of two certificates of Conduct, one from the Principal of a 1st grade College where I finished the courses for arts examination & the other from the Principal College of Engineering, where I finished my technical Course. & I have also sent a copy of the medical certificate of physical fitness for entrance into the P.W.D.

I shall be able to send a certificate of progress in the Govt Workshop, from the Superintendent of P.W. workshops, when I will have to quit it, on my selection to an apprentice geologist.

I beg to be informed, in what subjects will the approved Candidates be examined & request your honor to be kind enough to let me know about the selection

Black Town
16th August 1894

I beg to remain
Honored Sir
Your obedient servant
M. Radhakrishnaaiyer

(a) Candidates full name & address — M. Radhakrishna aiyer B.A.
46 Thumboo chetty street, Black Town, Madras.

(b) His father's name — A. Muttusami aiyer

(c) His race or Caste — Brahmin, Smarta

(d) His educational & special qualifications — Passed the Civil & Mechanical Engineers' Examination 1893. Passed the B.C.E degree Examination 1894. Passed the Language Branch Exam^n of the B.A. degree Nov 1888. Practical experience in the Workshops.

M. Radhakrishnan has been for the last four years a student of St Peters College Tanjore He has been a deligent, steady & regular student & gives me every satisfaction by his behaviours & Conduct He is a young man of good abilities & steady character & I am sure will faithfully perform the duties of any situation in which he is placed

(Sd) W.H. Blake Principal

St Peters College Tanjore

Bangalore Palace Bangalore City
The 16th August 1894.

To

T Ananda Rao Esq
Private secretary to
The Dewan Bahadur of
H. H. The Maharaja of Mysore
Bangalore.

Sir,

It was seen in the Statesman of the 2nd inst. that the state requires some 6 graduates passed in Chemistry or Geology to instruct them in the art of practical Geology and mining, and that they would pay only Rs 100/- a month for the 1st year

I have a great mind to learn these sciences, but the allowance you give for the 1st year is very small, and especially for a person who could earn (late) earnt there had it not been otherwise. I could have come if you had increased the allowance this way Rs 160/- for the 1st year, 200/- at its expiration, and Rs 250/- from the Commencement of the 2nd year, and there according to Grade

As regards my qualifications I beg only to attach the Copy of several certificates taken for quite a different purpose

purpose - to here I am 3rd allowed to proceed by my father and the members of the family as Caste, and we beg common grounds, and where I could have easily learnt three sciences with others, Consequently I have withdrawn - and the person passing highest in mathematics and Zoology is called a Bengali has been chosen. I cannot at present send you the original of their certificates as they have not been returned as yet by the Registrar of the allahabad university

I further beg to add that I know qualitative and quantitative analysis organic and mineral, both by the gravimetric and volumetric methods.

I have the honor to be
Sir,
Your most obedient and
humble servant
Allahabad

(1) Copy of Certificate from the Civil Surgeon.

I Certify that I have carefully examined Babu Mata Prasad M.A. and find him to be in good health. He is a robust and healthy man, of sound organs. and in my opinion fit to undergo the life of study pursued by university students in England. His age is about 22 years.

Benares. sd B. O'Brien M.D.
25. 6. 94. Civil Surgeon.

(2) Copy of certificate from the Magistrate

Mata Prasad son of Rana Nandan Prasad agarwala is a candidate for the Gilchrist Scholarship, and asks me for a certificate, his father is agent for various paper Companies in Benares, and belongs to a very respectful family - I have ascertained that Mata Prasad bears an excellent character in this year's examination Mata Prasad took 1st class M.A. and was 1st in Chemistry

Sir,

Understanding that several Lands are required in the Government Geological department Calcutta as apprentices at a salary of Rs 100 per mensem. I beg to offer myself as a Candidate for one of the situations.

As regards my qualifications I have to say as follows.

(1) My name is Surendra Nath Chatterjee S/o the late D.S of Police Cooch Behar, Bengal.

(2) My father was the Destreeck

the Superintendent of Police Kuch Behar
My name was Bo Parbutty Charan
Dhar Roy and I was born on the 5th Sept.
1878 at [illegible]

I left my native village and my Caste
is Brahmin
I passed the Entrance examination
from the Zilla School Calcutta in 1894, the
F.A. from the Victoria College Kuch Behar in the
2nd Div 1896 the B.A. examination from the
same College in 1898.

I joined my present
College on the 1st of the F.A examination and so
won a Govt Scholarship of Rs 20 a month.
I took up for my course the B.A with
honours in English and Mathematics as
optional Subjects. I took my B.A degree
I have prepared myself for the M.A
degree of the Calcutta University. The
examination takes place on the 12th
November.

To

The Chief Secretary to the Dewan
of Mysore

Sir,

Coming to understand that six apprentice Geologists are required for the Government of Mysore, I most respectfully beg leave to offer myself a candidate for one of the situations.

As regards my qualifications I humbly beg to state that I passed the Entrance and the First Arts examinations of the Calcutta University in the first division both with government scholarships; and passed the B. A. Examination of the same University held in February 1894 with Honours in Mathematics. Moreover it will not be out of place to mention that I read for the Honours in Physics and Chemistry (practical and theoretical). At present I am preparing for the M. A. Examination in Mathematics.

330

I attach herewith testimonials bearing upon my conduct and attainments from the Principal of our College and from the Professor of Science

In conclusion I beg to state that should you be kind enough to take me into your service. I hope I will not fail to give you entire satisfaction by my work and conduct. Further particulars are given below:—

Name:- Upendra Chandra Niyogi

Address - P.O. Mogra Village Muniandh

District. Tipperah Bengal

Father's name Mohendra Chandra Niyogi

Dated, Calcutta, The 17th August 1894

Mangalore, dated 20th August 1894.

Sir,

Adverting to the notice in the Mail inviting applications for the post of Apprentice Geologists, I beg to offer myself as a candidate for the same.

2. I am a Brahmin First Arts man of South Canara aged about 22 years. I completed my three years' course in the College of Agriculture last April and passed in the following subjects - viz - (1) Botany and (2) Physiography (I was placed in the First class and I stood second in the Presidency in these 2 subjects) (3) Organic Chemistry (I stood second in the Presidency in this subject) (4) Surveying, Levelling and Setting out (I stood first in the class in this Subject) (5) Agricultural Engineering (In this I stood third in the Presidency) (6) Inorganic Chemistry and (7) Veterinary stage i. I have also undergone the course in Geology.

3. I beg to enclose copies of certificates of progress and conduct from the Principal, College of Agriculture and I hope moreover that in forwarding this application which I submit through him, he will make favourable remarks on both the above points and I further beg to enclose copies of testimonials granted by Gentlemen to whom I am known.

4. I am also acquainted with office routine having held acting appointments in almost all the Departments of the Collector's office.

5. I beg to give the particulars required in para 4 of the notice viz -

(a) My full name and address is
Mangalore Narayana Kamath, Bar street,

To

F. Anand Row
Chief Secretary
Mysore Government

Sir,

With reference to your Notification of the 18th July 1894, which appeared in the Times of India issue of the 30th July 1894. I beg to offer myself as a Candidate for one of the six posts of Apprentice Geologists.

I am a graduate in Civil Engineering, I have studied at the Poona College of Science. I passed in 1892 the L.C.E. Examination of the Bombay University and stood very high in the second class.

I am an Israelite by birth and faith.

Chemistry and Geology being two of the prescribed subjects for the L.C.E. Examination I need not state that I studied them at the College. However, for your information I may add that in both of these subjects and especially in Geology I secured a very good number of marks in the University Examination.

To gain some practical knowledge I for sometime accepted employment in the Executive Engineer's office of the Bombay Municipality.

If the post is conferred on me I shall try to the best of my abilities to discharge the duties that may be entrusted to me to the entire satisfaction of my superiors.

A copy

A copy of certificate received from Dr. J. T. Thomson, Professor of Engineering is herewith attached.

I beg to remain
Sir.
Your most obedient servant
Samuel Abaji Lukas

Respectfully Submitted through Professor F. Cooke M.A., C.E. &c Principal College of Science, Poona.

No. 403 of 1894-95
Poona 28th August 1894

Forwarded to the Chief Secretary to the Dewan of Mysore, for favorable consideration

Principal
College of Science

358

Mr. Samuel Abaji Penkar has been a student of Engineering at this College for the last four years, and has just successfully passed his examination for the degree of Licentiate in Civil Engineering, University of Bombay.

During his college course I saw a good deal of him and formed a high opinion of him as an intelligent and painstaking student. He spent much time in my drawing office, and made satisfactory progress in this kind of work.

I have pleasure in recommending him to any one requiring his services, and hope he will soon find an appointment in which his abilities and College training will find full scope

Most Respected Sir,

I the undersigned most humbly and respectfully beg to submit the following few lines, which I hope, will receive a favourable consideration at your hands.

With reference to the General Notification dated the 18th July 1894 No. 1020-G 218 published in the Bombay Gazette of the 30th ultimo, I beg to offer myself as a candidate for one of the six Apprentice Geologists as required by the Mysore Government Geological Department.

As for my qualifications I beg to state that I am a graduate in the Faculty of Arts of the Bombay University and have passed the B. A. Examination in Chemistry in 1893. I have a sufficient amount of knowledge in practical Chemistry. I have attended the Wilson College, Bombay. The

Certificates from the Principal and the Professor in Chemistry are herewith annexed.

I have moreover passed the First Examination in Civil Engineering in the second Class.

As regards the particulars required in sec 4 of the same Notification I beg to state that (1) my full name is:- Desai Lallubhai Pranubhai. Jitekar's Chawl Thakurdwar Road, Girgaon Bombay. (2) My father's name is:- Desai Pranubhai Nanabhai (3) my caste:- Anavil Brahmin (4)-that I have finished my College course within five years, and as for the educational qualifications your honour will be convinced of them from the annexed certificates.

As regards the terms stated in sections 5 and 6 of the same notification I beg to state that I fully agree to them.

In conclusion, I most earnestly pray that your honour will be graciously pleased to confer the boon on me, for which act of kindness I shall ever pray to God for your long life & prosperity.

I have the honour to be
Sir
Your most obedient servant

WILSON COLLEGE

BOMBAY.

20 Aug. 1894

Mr Lallubhai Pranubhai Desai B.A.

graduate of this College. He received his B.A. degree after the University examination of 1893.

His special subjects were Experimental Physics & Chemistry in which he obtained very high proficiency. Besides studying the Arts-Course he took a course in Engineering & passed the First Examination in Civil Engineering. His together with his special qualifications in Arts should render him specially eligible for the post for which he now applies.

His conduct as a student in this College was uniformly satisfactory. & as his work he showed an intelligent grasp of the subjects and what he was engaged and a desire to master its principles with thoroughness. I believe

that he will not fail to display the
some qualities of ~~appointed to the~~
post for which he is now a candidate & for
which his course of study in the College
of the Home College of Science has
given him the requisite preparation.
I consider also that, in point of
character he will give entire satisfaction.

Sir,

With reference to your notification in the Statesman for the appointment of geologists I beg to offer myself as a candidate for one of them. My qualifications being that I have passed the last B.A. Examination of the Allahabad University from Queens College Benares. The subjects I took up for the B.A. degree were English, Mathematics, Chemistry & Physics. I held the scholarship of Sir Syed Ahmed (which goes to the best student in Physical Science) while attending lectures for the B.A. Examination. I have also qualified myself to appear for the LL.B. Examination of the Allahabad University. I add here with a copy of my character certificate from the Principal. I have the honour to be

Sir,

Learning from your notification No. 1020 4.218 of the 18th July 1894, that Six (6) Assistant [Probationary] Geologist are wanted in your government, I beg most respectfully to offer myself as a candidate for one of the posts.

I took my B.A. degree in the B. Course from the Presidency College [Calcutta], taking Chemistry & Physics as my optional subjects. I regularly attended the theoretical & practical classes in Chemistry for two years.

Last year (1893), I obtained my M.A. degree in Natural & Physical Science [B], standing 2nd in order of merit.

I send herewith, 4 copies of testimonials, shewing my progress in the college & moral character.

In conclusion I can only state that should one of the posts here offered to me, no pains will be spared to make myself acceptable to my superiors.

I have the honor
to be sir
your most obedient servant,
Mahendranath Kundu.

Statement showing the
Candidate's name, address &c

Sir,
Your most obedient Servant,
Hobinda Chandra Bhattacherjya B.A.

(True Copy)

I have known Hobinda Chandra Bhattacherjya for a long time. As Principal of the Bundra Raj College, I had watched the growth of his intellect and character ever since he was a pupil in one of the lower forms of our School. I have always found him an amiable & honest young man in whom a child-like simplicity blends

blends with considerable moral firmness to form a harmoniously sweet temper which is very rarely met with in these days of youthful boisterousness. He has been uniformly successful at College. There he has a record of which any may very well be proud

Brilliant as his College career has been in every respect, it gains a lustre from his splendid achievements at school He comes of a very respectful Brahman family & his character which is exceptionally noble & good will in no way prove unworthy of the high traditions of his ancient lineage

Bundraban,
17th August 1894

(sd) Ram narayan Dutt
Tutor to H. H. The Maharaj Kumar of Bundraban, Late Principal Bundraban Raj College, Talukdar & Honorary Magistrate of Bundraban.

No I

I have great pleasure in certifying that Lala Basant Lal B.A. studied Chemistry & Physical Science for a period of about 2 years in 1886 & 1887. He passed the B.A. Examination of the Calcutta University Successfully in 1887.

He made very good progress in Chemistry & since his passing the B.A. Examination has been engaged in teaching Chemistry Physics & mathematics in College Classes. I strongly believe that he will prove himself a thorough good practical worker in the geological department if he receives preliminary training. I shall be happy to hear of his success in the world.

421

Sir,

In accordance with the notification No. 1020—G218, which appeared in the Travancore Gazette, I beg to offer myself as a Candidate for an Apprenticeship in the Geological department, Mysore.

I passed the B. A. Degree Examination of 1888-9, my Optional branch being Physical Science, & Advanced Chemistry. After passing out, I have been Science master in the Maharaja's High Schools at Alleppy and Nagercoil successively, and in that capacity had to teach Science to the Matriculation and other classes. Now I am an assistant master in the Maharaja's College & High School, Trivandrum.

I herewith send copies of certificates as to my progress and conduct from the Principal and the Professor of Physical Science. I request you to kindly register my name for the Selective Exam and let me know as early as possible the date and Subjects of the Examination.

I will be much obliged

422

if you will also inform me whether a medical certificate from a local European Doctor, either of the Travancore or British Government will be sufficient as it will be, otherwise, very inconvenient to me if I am found unfit after coming there

I remain,
Sir,

Certificate from the Principal

R. Govindaßillai has been a student of this College for many years. He has attended with great regularity and punctuality and his behaviour in the class has always given satisfaction. He has shown much diligence perseverance and intelligence in the pursuit of his studies and has always occupied a creditable position in the class. He has passed the B.A. Examination with credit taking a second class both in English and in Science.

The Maha Raja's College (Signed)
Trivandrum 5th March 1889 Rob. Harvey

Certificate from the Professor of Chemistry and Physical Science.

R Govindabhai attended the lectures and classes given by me in Chemistry and Physics during the years 1887 & 1888. He was a very deligent and intelligent student, and did his work very well both in the class and in the Examination room. In his first year he obtained the second place in the first class in the College Science Examinations. His work in the Laboratory was neat and skilful. I have had many conversations with him, and I have always been pleased with his good sense and general intelligence. He has, I consider, a very distinct taste for Science.

In the B. A. Examination of the Madras University he obtained a second class in

Science 125

His Conduct has been uniformly good

Your Excellency,

I beg to be pardoned for this intrusion. I have been informed that your Excellency is organizing a Geological Department for the purpose of prospecting the metal and mineral resources of the country, I therefore take the liberty of addressing you with a view to appointment.

I have been for several years engaged in various capacities in prospecting Works in the Wynaad and Nilgiri Districts, and for a little while under the inspection of Dr. King of the Geological Survey of India, and thoroughly understand all the preliminaries necessary for this kind of work, together with the latest Amalgamation processes having been an Amalgamator also.

In conclusion may I beg to be informed if your Excellency's Govt holds out any encouragement or inducement for the discovery of valuable Mineral deposits as I have reason to believe that I am acquainted with a locality in this Province where Rubies may be found.

With Your Excellency's permission I shall be glad to wait on you personally to explain myself further.—

I am, Your Excellency's
most Obedient Servant

To

The Chief Secretary to the
Dewan of Mysore,
Bangalore.

Sir,

Adverting to the notification No 1020 (G-218), dated 18th July 1894, by the Government of Mysore inviting candidates for 6 Apprentice-Geologists for the Mysore Government Geological Department, I most respectfully beg leave to offer myself as a candidate for one of the posts.

2. I am a Science Graduate of the Madras University, having graduated in 1889-90 taking Canarese for the optional language and Advanced Chemistry (Branch II. B. of the optional Subjects for the B.A Degree Examination) for the optional Subject.

3. I have also passed the Theoretical Branch of the L.T. Degree Examination as well as two of the four branches of the Sub-Assistant Inspector's Test. (one of these latter branches relates to the Civil Service Regulations and the Account Code.)

4. I am at present employed as an Assistant Teacher in the Board High School, Coondapoor Town where the recognized vernacular is Canarese.

5. I am a Gowd Brahmin of the Madhwa Sect.

6. I know something of the Elementary Geology although I have not appeared at any Public Examination in the Subject.

7. I beg to enclose Copies of Testimonials granted to me by the Heads of the Colleges in which I was Educated and by my present Official Superior.

8. In conclusion I pray that on a kind Consideration of the above circumstances, I may be appointed as one of the Apprentices for which Act of kindness, I shall, as in duty-bound, ever pray;

I beg to remain,
Sir,

With reference to your notification inviting applications for the post of Apprentice Geologist, I humbly beg to offer myself as a candidate for the place.

2. I beg to submit that I am a graduate in chemistry and possess special qualifications in both chemistry and Geology. I was for more than a year Assistant Lecturer in Chemistry in the Madras College of Agriculture, in which capacity I was able to extend my knowledge of Chemistry to the more advanced portions. I also lectured in Geology to the students of the Agricultural College whom I prepared for the Government Technical Examinations in that subject.

3. True copies of the testimonials I recently received from the Principals of the Kumbakonam and Agricultural Colleges are herewith sent for favour of perusal, along with my other testimonials. The Principal of the Kumbakonam College mentions the fact that I was "easily the first in the Science Section". The Principal of the Agricultural College refers to my work in the Laboratory and my teaching of Geology and adds that ~~his~~ duties at the College of Agriculture would help him considerably as an Apprentice Geologist".

4. I particularly beg to request that the fact of my selection for the proposed examination at Bangalore and the date of that exam may be communicated to me, by wire if necessary, so as to give me at least two ~~or three~~ days for the journey.

5. My full name and address are given at the top of this page. My father's name is Rangaswami Aiyangar. I am a Brahmin. My age is 27.

I beg to remain, Sir,
Your most obedt servant
K. R. Raghunathachar

TESTIMONIALS

OF

K. R. RAGHUNATHA CHARI, B. A., L. T.

FROM

A. W. WARD ESQ. B. A., LECTURER IN SCIENCE,
GOVERNMENT COLLEGE, KUMBAKONAM.

KUMBAKONAM COLLEGE
March 1886.

..... K. R. Raghunatha Chari has been a student under me for the last twelve months and was *easily the first in a class of* 14. He has always shewn such *keen intelligence* coupled with a *love and enthusiasm for knowledge* that made it a pleasure to teach him.

Mr. Raghunatha Chari has not only proved the soundness of his scientific knowledge but has also shewn that he has *excellent teaching power.* I am quite sure that he will make *a teacher of the very first rank.*

(Signed) **A. W. Ward.**

FROM

A. A. HALL ESQ. M. A., PRINCIPAL, TEACHERS' COLLEGE, MADRAS.

TEACHERS' COLLEGE, SAIDAPET
27th February 1889.

I have much pleasure in stating that during the three years I have known Raghunatha Chari, I have had many opportunities of becoming intimately acquainted with him and of closely observing his conduct. As a student under me, he *was everything I could desire* and passed the Method Examination *the 1st in the College.* As a teacher he *won the approbation of Mr. Fowler,* Inspector of Schools, who marked him very high for his practical work in school. During the last 12 months he has been Science Asst. in the Agricultural College, and here again *his zeal and earnestness produced excellent results. I can confidently recommend him for any post he may be called on to fill in connection with education.*

(Signed) **A. A. Hall.**

FROM

E. E. PERRETT ESQ. PRINCIPAL, SALEM COLLEGE.

SALEM COLLEGE
July 1st 1892.

Mr. K. R. Raghunatha Chari has been 2nd Assistant in this College for the last three years, during which time he *has taught both Science and Mathematics in the College classes much to my satisfaction*.....I am quite sure that.....he will give you *the greatest satisfaction* for he is *energetic, painstaking and willing and able to work.*

(Signed) **E. E. Perrett.**

FROM

S. A. SHUTIE ESQ. B. A., PRINCIPAL, SALEM COLLEGE.

SALEM COLLEGE
13*th February* 1893.

..... I have known Mr. K. R. Raghunatha Chariar as an assistant master in this College for about six months, and *have formed a high opinion of his abilities as a teacher.* He has evinced *a great deal of zeal and energy in his work* and has been *very successful as a teacher of Science.* He *was very popular with his pupils, and gained their regard and confidence.*

(Signed) **Spencer A. Shutie.**

FROM

W. VIRASWAMI AIYAR ESQ.,
CHAIRMAN, MUNICIPAL COUNCIL, SALEM.

SALEM MUNICIPAL OFFICE
13*th February* 1893.

I have known Mr. K. R. Raghunatha Chariar, the 2nd Assistant of the Salem Municipal College, for the last 6 years. He is now leaving the College at his own request to take up the Headmastership of the Kurnool High School which carries with it a better pay than I could offer him here. He *has been very popular both with the boys and his fellow teachers. He is an earnest, intelligent and hard working teacher* and so far as I am concerned *I part from him with deep regret.* His work in the College *has always been favourably reported on by the Inspecting authorities.*

(Signed) **W. Viraswami Aiyar.**

FROM

THE STUDENTS OF THE SALEM COLLEGE.

DEAR SIR,

We, the students of this College, desire to avail ourselves of this opportunity in bidding you farewell to express to you our deep sense of gratitude for the unwearied zeal with which you have laboured in the cause of education.

During the 5 years you have been connected with this College you have taken the utmost interest in promoting the welfare of the students. We are much indebted to you for the painstaking zeal with which you have imparted instruction in the subjects entrusted to you, and for the lively interest you have always evinced in the encouragement of physical exercises and athletic sports. We feel we cannot permit you to depart without giving expression to our sense of the many obligations we are under to you, and the loss we sustain by your departure.

Deeply grieved as we are to part from you, yet we cannot help rejoicing in the good fortune that has fallen to you in being called to a more responsible and lucrative post. We trust that your labours will be as successful and as well appreciated in your future sphere of work as they have been amongst us.

Wishing you all happiness and prosperity,

We remain, Dear Sir,
Your affectionate pupils,
The Students of the College.

Copies of recent testimonials not included in the printed copy

455

Mr K. R. Raghunathachariar B.A, L.T. was a pupil of this College from 1880 and graduated in 1886, his optional subject being Science. He ranked as 3rd student of the year in the College and won the 3rd Prize in the B.A. class of that year, being easily first in the Science Section

That his progress in the College was satisfactory is sufficiently shewn by the certificate of Mr A.W. Ward, the Lecturer in Science at that time, and by the fact that he obtained a Second class in the Degree Examination

The records of the College shew that Mr Raghunatha-chari's Conduct was unexceptionable.

Madras College of Agriculture
Saidapet 25 July 1894.

Mr K. R. Raghunathachari B.A L.T having informed me that he is a candidate for the post of Apprentice Geologist under the Mysore Government, I have much pleasure in stating that he acted as an Assistant of this College for a period of 13 months and that during that time his duties consisted in assisting me in the Chemical Laboratory, in teaching Geology and in giving popular evening instruction in Electro-metallurgy. He did some private work in the Laboratory on his own account. I consider his duties at the College of Agriculture would help him considerably as an apprentice Geologist should he be so fortunate as to be appointed

Sir,

As I am told by a friend of mine who has derived her information from an advertisement in the Statesman & Friend of India that some apprentices possessing a knowledge of Chemistry & Geology are to be appointed under the Mysore Government, I beg most respectfully to offer myself as one of the Candidates

As regards my scholarly competence to entitle myself to one of the appointments, I beg leave to state that I am a graduate of the Calcutta University having

B.A. Examination
in 1882 in the Sciences
consisting of the whole of Botany and
Physical Geography, & to Chapters
of Maury's Physical Geography of the
Sea being included, Chemistry (non-
metals & metals) and Geology. After
having passed the B.A. Examination,
I joined the Education department
as Head Master of the Nawabganj
High School where I remained for
about 2 years. I went in for the B.L.
Examination of 1888 & successfully
passed it. Since then I have been
practising as a Pleader in the
District Judge's Court Moorly but as
that profession does not suit me
I have made up my mind to give
it up. I beg leave here to mention
that I should gladly be pleased
to appoint me as an apprentice

I am a Hindu being a Brahmin
by caste & medical caste.

Dear Sir,

Seeing that it is the intention of your Government to establish a Geological & Mining Dept. I have the honor to offer my services in connection therewith I came out to India with a very

high letter of recommendation
from Prof Robert Austin C.B
Chemist & Assay Master of the
Royal Mint London to
Dr Scully Assay Master of
the Calcutta Mint I am
a Mining Scientist, well
up in Assaying & all
Laboratory work I have
also been highly recom-
-mended by Dr King late
head of the Geological
Dept of India Should
you engage my services
I am prepared to, start
an Assay Laboratory for

1 & 68

your work with all the
latest improvements, also
to undertake the training of
apprentices & others in the
scientific branches of Mining
Mineralogy etc

Should you consider
that there is a fair chance
of my being appointed, I
would come to see you
personally when final
arrangements could be
come to

I have the honor to be

Bangalore

Respected Sir,

Adverting to your notification dated 18th July last in the Minutes of the 23rd July inviting candidates for the appointments of the Assistant Geologists in the State, I beg to offer myself as a candidate for one of the same.

(a) My name is A Ananthakrishnayya
(b) Father's name Appathurayyar
(c) I am a Brahmin of Vadama sect
(d) Passed the Matriculation Examination of the Madras University in 1886 and have undergone the prescribed three years' course in the Madras College of Agriculture wherefrom I have passed in Chemistry, Inorganic both in the Preliminary and the Advanced Examinations under the Government Higher Examination Scheme - The Preliminary Higher

examination I have passed in the first class for which I hold a separate certificate and the advanced in the 2nd Class as the second amongst the Students. I have further undergone the prescribed course ~~year to that~~ in the Organic chemistry in which also I have passed creditably. In addition I have also undergone the course of lectures in Geology required for the Agricultural diploma and have passed in Surveying Levelling and Estimating for which I possess a separate certificate.

Therefore I am confident that I would prove successful should you please confer me one of the posts above referred to. As to my character and ability the Principal of the Madras College of Agriculture who knows me well this application will certify. Therefore I humbly request that I may be provided with a place, taking my respectable qualifications into your kind consideration, though I am not of the highest standard in my literary attainments.

I beg to remain
Respected Sir

(c) Hindu, Brahmin

(d). I have passed the three examinations required for the License or Diploma of Honour in Scientific Agriculture of the University of Bombay. I have also passed the Matriculation and the School Final Examinations of the said University. I have also prosecuted my studies up to the F.A. Examination in the Art Course of the said University. I may add that the University set up a paper in Geology for our Examination, equal to that set up for the L.C.E. Degree. Besides we have to pass in the Practical Examination in it, in the University, and are required to go on Geological Excursions accompanied by the professor

of Geology while at College.

I also beg your Honour's permission to add that I am at present engaged in the New English School and the Fergusson College, as a partial Science teacher and Laboratory Assistant to professor Gole Esqr. M.A respectively.

As for my good moral Conduct and progress, I most respectfully beg to attach herewith a true Copy of the Certificate of merit, so kindly granted to me by our most worthy Principal S. Cooke, Esqr. M.A. M.I.M.I.C.E F.G.S. F.L.S. &c which I hope would speak for me favourably, and to your Honour's satisfaction.

With sanguine hopes, therefore, of being admitted to serve as an Apprentice Geologist in the Mysore Government,

Poona City
Shukrawar Peth
House No 41
Dated 28th,
August 1894.

I beg to remain,
Most Honoured Sir,
your most obedient Servant,
Dattatraya Narayan Kelkar. D.A.G.

Mr D N Kelkar, son of Mr
Narayan Gopal Kelkar Esqr. Clerk
of the Court Commissioner's office,
Nagpur, has completed a course of
three years training in the principles
of Scientific Agriculture at the
College of Science (Poona), and has
passed the Final Examination
for the Diploma in that Science
granted by the University of
Bombay. His Conduct and progress
in studies while at College were
all that could be desired; and

I trust that he will find suitable employment in the Revenue or Agricultural Department of his native province for which his training undoubtedly gives him a strong claim

Sir

With reference to the notification of the Mysore Government, dated 18th July 1894, which appeared in the Hindu of July last I beg to offer myself as a candidate for one of the posts of Geological Superintendents to be newly appointed in the Province

I am a graduate in Physical Science of the Madras University, having taken my degree in the year from St Joseph's College Trichinopoly. While a student in the College, I have applied myself with diligence to the study of Chemistry and Physics, and my professors can certify as to my knowledge in those Subjects.

I have sent for copies of certificates given to me by the Principal of the College in which I studied and other officers under whom I was employed for some time last and shall submit them to you, on their receipt I beg to furnish the other informations which have been called for in the Notification in the subjoined form.

(a) Candidate's name & address. R. Juvan Rao Probationary Sub Registrar, Cuddalore New Town

(b) Father's name Rungia Rao

(C) Race or Caste Smartha Maratta Brahmen.

(D) Educational qualifications. Passed B. A. Degree in Science B

Hoping that my application will receive your favorable consideration

I beg to remain

Bombay, 29th August 1894

To

The Chief Secretary
To the Dewan of Mysore,
Bangalore.

Sir,

Having read only to day, on the notice-board of my College, a printed notification to the effect that six apprentice Geologists are wanted in the Mysore Government Geological Department, I beg most humbly and respectfully to offer myself as one.

I have passed the Matriculation examination with the 5th rank and am now a graduate of the Bombay University, having passed the B. A. Examination with Physics and Chemistry as my optional subjects.

I am a Parsee, and my father Mr. Manekji Pallonji Rao is the Head Clerk and Accountant of the well-known Royal Bombay Yacht Club.

I also beg to enclose herein copies of my testimonials. The originals are reserved to be shown when demanded.

In conclusion, if you will elect me as one of the six candidates, I shall spare no pains in discharging my duties to the entire satisfaction of my superiors.

I remain

Sir,

Your most obedient & humble Servant

Manchershah Manekji Rao

Address:- 18, Mody Street,
Next to Manekji Sethi's Agiari
Fort, Bombay

Copies of Original Testimonials

512

(1) Sir Jamsetjee Jejeebhoy
Parsee Benevolent Institution
Central High School.
Matriculation Class.

This is to certify that Manekerji Maneckji Rao having obtained the ~~first~~ place at the annual Scholarship examination held at this Institution in the month of January 1887, has been awarded an A.S Ayerton Scholarship of the value of Rs four per mensem, tenable for 1 year from 1st January 1887 in the Matriculation class of the Central High School of this Institution, during regular attendance, good conduct and satisfactory progress.

(Signed) D.H. Wadia M.A. (Signed) Jamsetjee Jejeebhoy
Principal. President of the Punchayet.

(Signed) Nusserwanji Byramji
Secretary.

Bombay, 18th April 1890.

(2) Mr. Manckershah Manekji Rao was under me in the Matriculation Class of the Sir J. J. P. B. Institution for 1 year. During this time, he was regular and punctual in his attendance, diligent in the preparation of his lessons, and conducted himself to my entire satisfaction. He successfully passed the Matriculation examination at the first attempt. In point of industry he was second to **none** in the whole class. He will, I hope, prove a useful hand to his employers.

(Signed) Fardunji Rawasji Mulla
Head master,
Sir J. J. P. B. Institution.

(3) This is to certify that Mr. Manekerji Maneckji Rao B.A. was for five years (Jan. 1886 — Dec. 1890) a regular student in the Moolla Feroze Madressa. He was steady & industrious in his work. His progress was satisfactory. He was twice a successful competitor for the prize-essay on some Zoroastrian subject annually prescribed by the Managing Committee. His conduct as far as it came unde

my observation was exceptionally good, and I have no hesitation in recommending him for any post of respectability.

(Signed) Kavasji Edalji Kanga
Head Master
Moolla Feroze Madressa.
Elphinstone College
17th April 1894

(4)

Mr. M. M. Rao studied for his B.A. Examination taking up Physics as his optional subject. He attended my lectures and I have always found him regular in attendance & of good behaviour. He was one of the best students in science of his year and I have no hesitation to recommend him for any position of responsibility. (Signed) R. A. F. Moos B.Sc (Edin), F.R.S.E. &c
Prof. of Physics
Elphinstone College.

(5)

We, the Chancellor, Vice-Chancellor and Fellows of the University of Bombay, certify that the Degree of Bachelor of Arts has been conferred on the within-signed Manchershah Maneckji Rao at Bombay, on the twentieth day of the month of February in the year eighteen hundred and ninety-four.

In testimony whereof are set the seal of the said University and the signature of the said Chancellor.

(Signed) Harris
Chancellor

(6) (Seal)

Elphinstone College
Bombay, 17th April 1894

This is to certify that Mr. Manchershe Maneckji Rao leaves this College, of which he has hitherto been a student with my permission and no fault. That he has no books belonging to the College Library in his possession and that nothing is owing by him for College dues

Mr. Rao passed his B.A. Examination from this College during the year 1893. His conduct and progress have been satisfactory.

(Signed) R. G. Oxenham
Principal,
Elphinstone College

Sir,

1 With reference to the Notification No. 1020-G. 218 dated the 18th July, 1894, requiring for the Geological Department of the Government of Mysore Six Apprentice Geologists I beg to be registered as one of the candidates.

2. I am the son of Revd. Isaac Gnanadiro missionary, C.P.G. of Pregasapuram and am a Christian

3. As regards my qualifications, I beg to state, that I graduated from the Madras

Christian College in the year 1886, and has since
54 delivered two years courses for the degree M.B.
& Madras Medical College, with an extra Course
Organic Chemistry which M.B. & M. Students
have not taken up this year

4. I possess the Government certificate for passing
the Preliminary Science Examination held in 1888,
A certificate of Honor in Practical Chemistry
and two Honorary certificates one in Practical
Chemistry and the other in Histology.

5. Dr. Van Geyzel the present Chemical Examiner
to the Government of Madras recommended me
last year for the Assist Chemical Examiners
place at Agra at beginning on Rs 150. but his
recommendation reached the authorities too
late. A reference may if necessary be made to
Dr Van Geyzel as to the Principal Medical College.

6. I am at present Professor of Chemistry &
Physiology in the Wardlaw College, Bellary

GOVERNMENT OF MYSORE

Mysore Geological Department

No. 14 / Enc. 1

Dated Camp Mahalli, 22nd October 1894

From

The Senior Geologist and Analyst

To

The Chief Secretary to the Dewan of Mysore

Sir

I have the honour to forward herewith an application from Mr J Kur, a for an Apprentice Geologist post in the Mysore Geological Department. His first application was by telegram and did not give the necessary information and it is now in the Dewan's Home Office with other rejected applications

As far as can be gathered from his present application he seems to be fully qualified by his Engineering Studies to compete for the post Beli

557

I understand it is the Dewan's wish that Candidates should not be selected for competition on account of their Engineering knowledge unless they are natives of the Province. However, beg to submit this application for the Dewan's decision and orders.

I have the honour to be
Sir,
your most obedient Servant

A. M. Evans

Assistant Geologist & Analyst

Mysore Geol Dept 568

Regd no 40 Camp Bangalore
10.10.94

The Officer in Charge of the
Geological Department
Mysore

Sir,

I applied by telegram from the Secretary to the Dewan of Mysore for a duplicate of your department. a written application with full details was also sent the same day viz the 30th August 1894 But this letter could I understand pass through the Executive Engineer Superintending Engr and Chief Engineer before it can be sent on to you. So, I am afraid it has not reached you yet. I am sending you this letter to furnish you with details as asked for in your telegram But I cannot ask you to take any steps till

557

you have received my formal application
sent with the sanction of my superiors

I beg to state that I have graduated
in Branch II. A (Madras University) i.e.
in advanced Physics, Mixed Mathematics
and Elementary Chemistry. I have passed
the B.C.E degree examination of the same University
in the hand Civil Engineering (1892) and
in the hand Mechanical Engineering
(1894) I have obtained the diploma of
Mechanical Engineer from the College of
Engineering, Madras. I underwent two
years training in the Shops of the
Perambore Loco Works, Madras Railway
I have also qualified in Hydraulic
Engineering and Bridge making at
the Govt technical Examinations and
gained prizes and Scholarships during
my Engineering Studies I studied Geology
and Analytical Chemistry (Quantitative
and qualitative) at the Engineering
College. But these were by studies. I understand

560

Malayalam and Tamil and have a colloquial acquaintance with Telugu. I am twenty four and am a Syrian Christian of Travancore My father's name is John Kurijan - He is employed in the Judicial Department of the Madras Presidency. I hold certificates of Proficiency for the outdoor work of the P.W.D.

Further details I beg to say I shall be glad to submit if required

I beg leave to remain

Sir

Your very obedient servant

To

Mr H. M. Miranda Esq

Chief Secretary to the Durbar of Mysore

Bangalore

167/1 Cornwallis Street Calcutta

Dated the 9th Nov. 94

Sir,

In reply to your office Memo No 216-86 dated Camp Mysore 23rd Oct 1894, I humbly beg to state that my Examination (Master of Arts in the University of Calcutta in 1889) in Geology and Mineralogy included the Subjects of (a) Physical Geology (b) Stratigraphical Geology, European and Indian (c) Palaeontology & (d) Mineralogy with Crystallography and Inorganic Chemistry and that in addition to 4 papers for written examination, two days (each of

5 hrs) practical examination was held
in Palaeontology, Petrology & Mineralogy
and in the preparation of Geological
Maps and in Surveying with Clinometer
and Compass. These papers maybe seen
in the Calendar of the University of
Calcutta for 1890 Under These circumstances
I dont think it necessary for me
to undergo a second Examination in
Arabic and perhaps an easier one.
Nor is it possible for me to go to
Bangalore from so great a distance.

If your Government appoints me one
one of the Officers in the Geological Department
I shall produce a certificate from an
officer of the Indian Medical Service, of
my physical fitness for outdoor work;
but I maybe allowed to add that
services under the Nepal Govt during
the severe winter of that place and

in Society the most unhealthy portions of that State also in the midst of some of the loftiest mountains and under the Blue peak forest in the burning heat of May & June, will fully show that I shall be considered by any medical man to be fit for out door work in the Mysore State where neither the Winter nor the Summer season is to severe.

I have the honour
to
Your most Obd Servt
Jas Buchanan Hope

13/11/94

570

To

The chief secretary to the Dewan
of Mysore.

Sir,

Most respectfully do I beg leave to inform you that I am one of the approved candidates who have been allowed to compete for the posts of Apprentice Geologist in the Mysore state. I beg that you would kindly consider the following facts as regards my qualifications. In the First Arts Examination of the Calcutta University I had to learn a great deal of chemistry which would be well confirmed to you if you kindly consult the questions on chemistry to be found in any calendar of this University. Again in the B.A. Examination I took Geology as my special science so I had to learn a good deal of Mineralogy which itself included chemistry to a very large extent. I had to examine almost all the minerals with the Microscope & the Blowpipe. Cole's practical Geology was one of our Textbooks under T. H. Holland we made Geological excursions & thus attained practical knowledge in fields. If you think this qualification sufficient & kindly appoint me in one of the posts, I shall try my best to discharge the duties of my office & give you entire satisfaction

P. T. O —

571

Again I beg that you would kindly consider how far I shall have to travel & what a large expence I shall have to undergo if I want to appear in your examination that you would also consider of my wounded feelings in case I come back disappointed So if you be pleased to grant me the travelling allowance I shall always be ready to go to Bangalore & appear in the Examination & try my fortune

I have the honour to be,
Sir,
your most obedient servant
Ashutosh Mukherji. B.A.

File No 1-96

Serial No 164

In reply to this letter dated 9th instant stating that he does not think it necessary that he should undergo a second examination in Geology, which he had already passed in the Ist A Examination, Mr. Sasi Bushan Bose is informed that Govt regret that the rules fixing the examinations for the post of Apprentice Geologist cannot be departed from and that they will be glad if he could make it convenient to appear for the Examination
